Enjoy free digital TV on your TV and PC monitor

AVerMedia DVB-T STB 7 is a new digital Set-Top-Box that allows you to access free-to-air terrestrial digital TV channels and radio signals using your UHF aerial. With VGA/Composite/S-Video output, you can enjoy high quality digital TV programs **not only on your TV, but also on your PC monitor without turning on the PC!**

Being a digital Set-Top-Box, it is compatible with all LCD and CRT monitors. Advanced Progressive Scan and 3D motion Adoptive De-interlace Technology deliver a sharper, clearer picture! Besides, it features an "Auto Power Off" function. It can turn off automatically in case you fall asleep. The new software also includes three simple video games. You can play the game if the TV program is too boring. The new user interface makes it easy to operate. It also has an OSD with Multilanguage, including English, German, French, Spanish, Italian, Portuguese etc.
